

Garth Schmalenberg

Professional Speaker, Coach, Futurist, Strategist

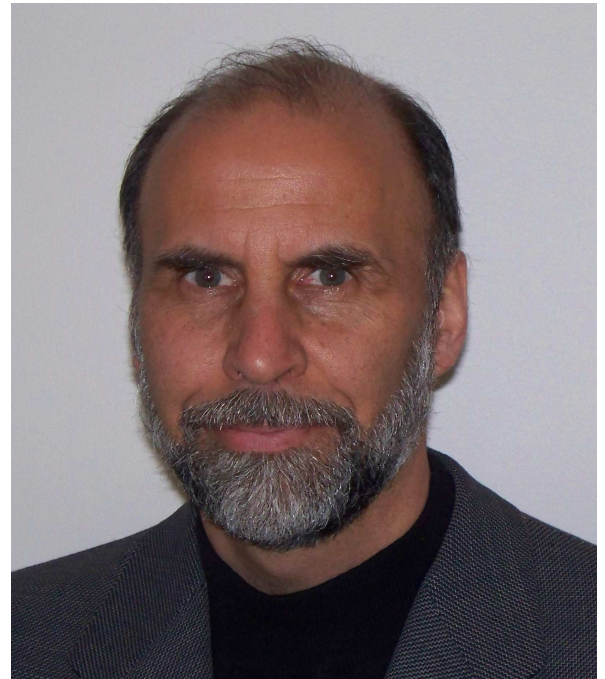

Leadership in today's business world is about building relationships.

How does your organization relate to:

- *Investors, Suppliers and Customers*
- *Employees and Society*
- *The Environment*

Keynote and Workshop Topics

- *Future Oriented Leadership™*
- *Values Based Leadership*
- *Shifting Organizational Culture*
- *A New Approach to Leadership (OpenAgile)*
- *Building Sustainable Organizations and Communities*

Garth Schmalenberg is a professional speaker, certified coach (CPCC) futurist and strategist who specializes in helping leaders and their organizations to think and act more sustainably.

With 28 years of organizational leadership and coaching experience Garth has worked with political, business and community leaders at local, national and international levels in creating solutions for a brighter tomorrow. He helps clients find solutions and strategies for solving the challenges of today and tomorrow through consultative decision making and capacity building approaches.

Creating a Sustainable World

Organizations are part of a larger world. Interactions between leaders and workers, customers and suppliers, investors, board members and their executives, political and business leaders, managers and employees, and relationships to the environment are all complex and yet critical to the success of any organization.

Garth works with Local, National and International, Business, Political and Community leaders to promote positive and sustainable change throughout their organizations and the community.
